What investment service and advice can you provide me?

Windsor Advisory Group is an investment advisory firm that provides custom solutions for ultra-high net worth individuals and families. The services provided are client-dependent and may include consulting and family office services for various financial matters. Those services may include, but are not limited to, consulting on a client's taxes, trust and estate, charitable giving, insurance, banking, and private business transactions.

We have discretionary trading authority for most client accounts. All accounts are reviewed at least quarterly. Factors that may trigger an additional review include, but are not limited to, cash flows, changes in managers and changes in your circumstances or objectives.

We seek clients with investable assets of \$20 million or more but may lower this threshold at our discretion.

Conversation Starters:

- ***Given my financial situation, should I choose an investment advisory service? Why or why not?***
- ***How will you choose investments to recommend to me?***
- ***What is your relevant experience, including your licenses, education, and other qualifications/ What do these qualifications mean?***

What fees will I pay?

We charge an annual advisory fee based on assets under management (AUM), a fixed fee, or a combination of AUM-based and fixed fee. We may also charge a per project fee for certain types of services that do not fall under typical investment management. Annual fees are assessed and paid quarterly, in arrears.

You may also be charged fees by third-party investment managers and mutual funds in addition to the fees charged by us.

You can find more information on fees in our [Form ADV pt. 2A](#).

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Conversation Starter:

- ***Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?***

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

Windsor's only source of revenue is from our clients. If the client's fee is AUM based, in most circumstances we earn more if your assets increase.

Generally, we do not engage in principal transactions. We do not act as broker, nor do we collect a fee or commission on these types of transactions.

Windsor is the manager of private investment funds ("Windsor Investment Vehicles") that invest substantially all of their assets in the limited partnership interests of third-party private funds. Windsor Investment Vehicles may be a component of a client's Investment Plan.

You can find specific details about potential conflicts of interest in our [Form ADV pt. 2A](#).
